Final Programme *programme*

Wednesday 12 September	
Conference Centre, Abano Terme	
Foyer	
14.00 - 19.00	Registration
Sala Mantegna	
16.30 - 19.00	ISHM Board and Business
Foyer	
19.00 onwards	Welcome Cocktail

Thursday 13 September	
Transfer to the Bo Palace in Padua. Departure by bus from Abano Terme, in front of the Bristol Buja Hotel	
Bo Palace, Old University, Padua	
Ancient Archive	
Aula Magna	
Oral presentations - Session 1 History of Medical Education - I Chairmen: EA Demirhan, MB Ramos de Viesca	
09.15	S1-1 L'illustrazione anatomica: da Leonardo al Gray's Anatomy R De Caro, A Coi, M Cimino T Sorokina
09.45	S1-2 History of Medicine in the education of physicians at Peoples' Friendship University of Russia T Sorokina
10.15	S1-3 History of medicine as "Trojan horse": Russian variant E Berger
09.15	S2-1 The use of mercurials from sixteenth to nineteenth centuries M Lefas, G Papadopoulos
09.45	S2-2 The "new remedy" in the history of pharmacotherapeutics A Karenberg
10.15	S2-3 Great Silk Road and Medicine: Comparative Analyze of Medical Cultures R Shergalia
09.15	S2-4 Insulin famine and first insulin-treated diabetic patients: The Banning and Best Myth regarding the discovery of insulin A de Leiva, E Brugués, A de Leiva-Pérez, M C Pérez-Aguado
10.15	S2-5 The international pharmaceutical industry in the Baltic states from 1920 until 1940 J Salaks
10.15	S2-6 Nosography and therapy in evolution: Menstrual migraine and triptans L Savi, F Maggioni, C Lisotto, D Zava, D Pezzola, S Omboni, M D Ferrari, G Zanchin
11.00	S1-4 Both the new and the old. How can Web 2.0 help the teaching of the History of Medicine L Borgini
11.30	S1-5 Health education as empowerment. A historical glance to principles and practices between Europe and Veneto M R Zanchin, G Zanchin
11.00	S1-6 Narrative based medicine and Medical Humanities: History and philosophy of medicine, essential instruments for Continuous Medical Education. R C Forleo, D Forleo
Plenary Session - Opening Ceremony	
Welcome addresses	
Inaugural lecture	
L1 History of a gaseous signaling molecule Louis Ignarro, Nobel Laureate Presented by Giorgio Zanchin	
Presidential lecture	
L2 Padua. The colourful sunrise of the Nervous System imaging. Giorgio Zanchin	
Aula Nieve	
Oral presentations - Session 3 The Padua University Medical School and the Renaissance - I Chairmen: P. Albour, F. Paladín	
09.15	S3-1 The Anatomy in Padua University Medical School before Vesalius T J Dritzis
09.45	S3-2 Abraham de Balme ben Meir (d. 1523): a physician-translator from Padua A Ohry, R Eljashev-Shimshon
10.15	S3-3 Vesalius' plague tract and Fracastoro F Simon
10.15	S3-4 Vesalius' teaching of Anatomy through <i>De humani corporis fabrica</i> M Menéndez Moita
10.15	S3-5 Un médecin de Crète a Padoue et son point de vue médical sur l'anatomie et la physiologie E Ozansoy
10.15	S3-6 La comunicazione umana: da Girolamo Fabrizio d'Acquapendente e Giulio Casserio al "vocal tract" E M Cursolo, E Genovese

Thursday 13 September

Lunch			
12.45	Oral presentations - Session 4 The Padua University Medical School and the Renaissance - II Chairmen: D Baran, K Collins	Oral presentations - Session 5 History of Medical Specialties - I Chairmen: R Forleo, J Pearn	Oral presentations - Session 6 Neurosciences: old and modern Knowledge Chairmen: A Karenberg, L Lorusso
14.00	S4-1 Methods in medical and philosophical research: the Renaissance debate on editions of Galeno's Opera Omnia S Ferretto, C Savino	S5-1 Breastfeeding and the role of wet-nurse in ancient Greece T Boutsiou, D D Briana, P Volaki, A Malamitsi-Puchner	S6-1 Alzheimer before Alzheimer: Georges Marinco and the early research in aging and neurodegeneration O Buda, A M Zagrean
14.30	S4-2 Medical education in early modern anatomy of european centres of medical excellence, Padua and Leiden F Zurlini	S5-2 The birth of Andrology as a medical speciality A de Leiva, E Brugues, MC Pérez-Aguado, O Rajmil	S6-2 L'arteria precursora della moderna psicotribilazione R Amore, G Salomone
14.30	S4-3 Little known Vesalius: versals in "De humanis corporis fabrica" R Hillowala	S5-3 The change in maternal birthing positions through time T Bracewell Milnes, G Araklitis, B Guimicheva, J Haider	S6-3 Mouvements feministes et sante mentale: quels rapports? S Pache
14.30	S4-4 The discovery of lesser circulation and Michael Servetus's galenism F J Gonzalez Echeverria	S5-4 A history of the obstetric forceps, a family secret S Sukhera, A Tepchonghit, G Inlithan, J Haider	S6-4 Acute food shortage and spastic paraparesis: scientific lessons of the Holocaust P Manu, L M Rogozza
15.00	S4-5 Antonio Scarpa and his "Saggio di osservazioni e di esperienze sulle principali malattie degli occhi" R Neri-Vela	S5-5 La biochimica per la clinica: Luigi Musajo, proretore a Padova L Musajo Somma, A Musajo Somma	S6-5 Surgical activity at Moscow Institute for Neurosurgery (1929-1941) B Lichterman
15.00	S4-6 Digitizing Manuscripts of Medical History. A Case Study: the Padua Dioscorides A Touwaide, E Appetiti	S5-6 The conceptual evolution of auxology S Milani, E Spada	S6-6 The near-death experiences between science and prejudice E Facco
Plenary session			
15.30	Lecture L3 Albert the great and his Paduan experiences. Klaus Bergdolt		
Oral presentations - Session 7 The Padua University Medical School and the Renaissance - III Chairmen: K Bergdolt, A Musajo Somma			
16.00	S7-1 Remarkable memories on students and physicians from Hungary and Transylvania at the University of Padua (15-19th centuries) R Offner	S8-1 King Duarte of Portugal: a narrative of a personal experience of melancholy in the 15th century D Oliveira Amarante dos Santos	S9-1 The history of hemotherapy in Bolivia M Garcia de Luna Orosco
16.00	S7-2 Presence of Pietro d'Abano in mexican sixteenth century medicine C Viesca, M Ramos de Viesca	S8-2 Materia medica in the works of 17th-18th century Jewish physicians in Italy H Paavilainen	S9-2 The scientific community in the discovery of the Chagas disease C Lorenzano
16.30	S7-3 Justification of the anatomical research. The case of Johannes Jessenius (1565-1621) T Nejeschleba	S8-3 Leprosy policy in São Paulo: paradoxes of a prophylactic option Y Nogueira Monteiro	S9-3 La salute dentale dei bambini nel Rinascimento: notizie dal "De morbis puerorum" di Gerolamo Mercuriale (1583) M A Riva, L Esposito, L Isala, P Sivero, G Farronato
17.00	S7-4 Stemmii di scolari e professori dello Studio di Padova (XVI-XVIII) E Hellman Dalla Francesca	S8-4 A historical profile of Angina pectoris medical treatment R Razzolini	S9-4 L'assassinat d'Henri IV (roi de France) en '1610: une nouvelle reconstitution de la scene de crime d'après l'autopsie de Guillemeau et le données de Pierre Mathieu Patrice Le Hoch-Pigent
17.00	S7-5 Italian Contributions to the Anatomy and Pathology of the Heart W B Fye	S8-5 The history of modern therapy for multiple sclerosis P Gallo, F Rinaldi, M Calabrese, P Perini	S9-5 The history of electrical stimulation of the inner ear, from the eighteenth century to the cochlear implant R Marchese Ragona
17.00	S7-6 Nicolò Antonio Giustiniani founder of the Padua Spedale Nuovo in the Century of Enlightenment G F Natoli, C Bellinati, G Zanchin	S8-6 A century after barbiturates introduction in clinical therapies F Di Palma	S9-6 Plague in Venice A J Fabre

Thursday 13 September

	Plenary session Project Save a manuscript
17.30	L4 <i>Libro dei cauteri</i> . A codicological and paleographic note on an illuminated manuscript from the Pinelli's Library. L. Granata
17.45	Lecture L5 <i>Galen and the physician-patient relationship</i> . Carlos Viesca Treviño
Botanic Garden at sunset	
18.15	Meeting point near the Secretariat Desk, at the entrance of the Aula Magna. From here participants will be taken by a short walk to the Botanic Garden
	Plenary session
18.45	Lecture L6 <i>Padua Botanic Garden in 1545</i> . Alain Touwaide
19.30	Transfer back to Abano Terme. Departure by bus from Prato della Valle, in front of Foro Boario

Friday 14 September			
Conference Centre, Abano Terme			
Foyer			
Poster Viewing and Discussion			
Coordinators: G. Cobolet, K. Collins, A. Diamantopoulos			
08.00	Poster Session 1 Chairman: R. Hloowala, JEE Luna Orosco Posters from P1 to P17	08.00	Poster Session 2 Chairman: E. Damiani, G. Fernigen Posters from P18 to P32
08.00	Poster Session 3 Chairmen: L. Borghi, L. Rogozza Posters from P33 to P48		
Plenary Room		Astrolabio Room	
Plenary Session			
09.30	Lecture L7 Leonardo da Vinci and the Search for the Soul. Rolando del Maestro		
Oral presentations - Session 10 Ancient Medicine Chairman: A. Diamantopoulos, C. Viesca Treviño			
10.00	S10-1 From the cradle of the Nile to the cradle of the lagoon: the sobek's priestess last travel M. Disarò, P. Sartori	S10-2 L'arte medica nell'opera di Esiodo M. Rossi	S11-1 Role of schola medica salemitana in western medicine J. A. Marcum
10.30	S10-3 The asclepiion of Peparithos G. Tsoucalas, K. Laios, A. Doulgeri Intzesilogliou	S11-2 The final period of Islamic Medicine in the HAFSID kingdom of Tunisia MRS Pak	S12-1 Preventive medicine: the key to eternal life M. Esperança Pina, S. Couto da Rocha H. Ozturk
11.00	S10-4 The Ordinary Death of Alexander the Great E. Damiani	S11-3 A symbol of the Romanian medical school: Two-star general doctor Carol Davila A. Keresztesz, F. Leasz, LM Rogozza	S12-2 The achievements of dr. Behçet in preventative medicine S. Veneziani
11.30	S10-5 Artificial modifications of the body among ancient Maya MB Ramos de Viesca	S11-4 Messaggio e manipolazione: estetica del claritano O. Galeazzi	S12-3 The renewal of epidemiological inquiry, dr. Alice Hamilton, pioneer of industrial medicine in the United States, early 20th century J. Rainhorn
12.00	S10-6 Ibn Rezman and his rule in Islamic Medicine SAR Khezri	S11-5 Caucasian Medical Society and Formation of European Medicine in Georgia N. Khelala, R. Shengelia	S12-4 L'acqua: la fonte della salute. La situazione igienico-sanitaria della città di Bari durante il Regno d'Italia S. Veneziani
12.30	Lunch-box distribution		
Social / Cultural Event in Venice			
13.00	Transfer to Venice: departure by bus from Abano Terme, in front of the Bristol Buja Hotel		
13.00	To the island of Lazzaretto Nuovo in the Lagoon of Venice, visit to the Lazzaretto. Visit to Torcello island and to the Cathedral of Santa Maria Assunta; cocktail in the Locanda Cipriani. To Piazza San Marco for the guided visit to the mosaics (special opening of St. Mark's Basilica). Dinner on board the motorboat Patavium.		
24.00	Arrival back in Abano Terme		

Saturday 15 September	
Conference Centre, Abano Terme	
Foyer	
Poster Viewing and Discussion	
Coordinators: G. Coboletti, K. Collins, A. Diamantopoulos	
08.30	<p>Poster Session 4 Chairmen: L Lorusso, A Touwaide</p> <p>Posters from P49 to P62</p> <p>Plenary Room</p>
08.30	<p>Poster Session 5 Chairmen: E Lev, N Mairnovic Doro</p> <p>Posters from P63 to P75</p> <p>Pietro d'Abano Room</p>
08.30	<p>Poster Session 6 Chairmen: P Albou, E Appeltli</p> <p>Posters from P76 to P89</p> <p>Astrolabio Room</p>
Plenary Session	
10.00	<p>Lecture L10 Il termalismo nell'Italia romana: il caso di Montegrolfo Terme F Ghedini, M Bassani</p>
10.30	<p>Oral presentations - Session 13 Past and future of thermal therapies: from Aponus to Abano and beyond Chairmen: F Cozzi, P Marson</p> <p>S13-1 Terme Euganee, dall'empirismo alla ricerca scientifica F Caldara</p> <p>S13-2 Comments of Prof. Dr. Besim Ömer Akalin on sea baths at the beginnings of the twentieth century and its place in public health AD Erdemir</p> <p>S13-3 One bath as health source from Anatolian Seljuk period to the present N Degjimen, N Demirsoy</p>
11.00	<p>History of Medical Specialties - II Chairmen: J Blair, R Del Maestro</p> <p>S14-1 L'art de la pratique du trou de répan durant la période précoloniale en Algérie M Bouazz</p> <p>S14-2 Therapeutic application of heat. A historical view with reference to Unani (Greco-Arab) system of Medicine Amanullah, A Sayeed, Z Ahmad, K Mahmud Siddiqui, S Shakir Jamil</p> <p>S14-3 A study of a valuable Arabic manuscript on Geriatrics written in 1536 AD named Ainul Hayat A Ahmad, A Narayana, S Zillur-Rahman</p> <p>S14-4 Radiology and its early practice in portuguese medical institutions A Pereira, F Costa, E Jardim</p>
11.30	<p>Oral presentations - Session 14 Medical Biographies - I Chairmen: L Musajo Somma, A Segal</p> <p>S15-1 Cleopatra and "Cleopatras" G Tsourcalas, A Kousoullis, M Karamanou, G Androutsos</p> <p>S15-2 Al-Kindi, a humanist physician M Volgersanger, B Guimarães, Ml Figueredo, FF M de Barba, FJ de Barba</p> <p>S15-3 La cetalea di Giacomo Casanova G Cristofori, A Granato A, G Reija</p> <p>S15-4 Dr. Francisco Fajardo: 120 years of the discovery of Malaria in Brazil (1892-2012) G Bruno Fonseca, F Maria Ignez, V Max Vinicius Gomes, DB Fabiana Figueredo Molin, DB Francisco José</p> <p>S15-5 Jean-Martin Charcot and his drawings G Salomone, R Arnone</p> <p>S15-6 Professor František Pör, MD. An outstanding internist from former Czechoslovakia M Mydlík, K Derzsiová, O Rácz</p>
11.30	<p>Oral presentations - Session 15 History of Medical Specialties - II Chairmen: J Blair, R Del Maestro</p> <p>S14-5 From "bench to bedside" - The importance of Lord Joseph O'M, FRCS (1827-1912), in modern day translation P Chandak</p> <p>S14-6 A short history in mexican internal medicine teaching: the speciality hospital of the national medical center XXI Century C Consejo y Chapela</p>
12.00	<p>Plenary Session</p> <p>Lecture L11 Medical practices of ancient romanian people in Francesco Grisellini's letters from the Banat of Temeswar Dana Baran</p>

Saturday 15 September
